

Explore and Discover Early Literacy Free Play

**Saturday, June 15
Noon–5 pm**

We're making some improvements in the youth room for our youngest patrons. Drop by any time on Saturday, June 15 to check out our new and improved early literacy play area and enjoy some unstructured fun! Puppets, puzzles, technology, and imaginative, sensory, and gross and fine motor play are all lots of fun, plus they can help build early literacy skills!

This project is funded in part with a Library Services and Technology Act grant from the Institute of Museum and Library Services administered by the Library of Michigan.
